

SYMPTOMS OF COVID-19

Common symptoms of COVID-19 can include:

- Fever or chills
- Cough
- Shortness of breath
- Fatigue
- Muscle or body aches
- New loss of sense of smell
- Sore throat
- Stuffy or runny nose
- Nausea or vomiting
- Diarrhea

Call a medical provider or 911 if you or your child:

- Has difficulty breathing
- Has new confusion
- Will not wake up or can't stay awake
- Persistent pain or pressure in the chest
- Bluish lips or face

Stay home until ALL of the following have occurred:

- ✓ At least 10 days have passed since your positive test
- ✓ You have gone 24 hours fever-free without fever-reducing medication like Tylenol
- ✓ Your symptoms (cough, shortness of breath, diarrhea, etc) have improved
